October 2012  

The Annual Security Report for Bloomfield College is published in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, which is also known as the Clery Act and the Code of Federal Regulations (CFR). This act requires all colleges and universities to disclose campus crime statistics and other safety and security information annually. This Annual Security Report is reviewed each year by the Office of Security to ensure that information is up-to-date and that new information is added accordingly to comply with federal and state regulations.

The goals for the Office of Security regarding the Clery Act are to:

➢ Create awareness about safety and security at Bloomfield College through policies, procedures, and programs;
➢ Maintain a safe and secure environment for students, faculty, and staff;
➢ Collect, report, and disseminate crime statistics to the campus community as well as to the general public.

The intended objective of this aforementioned process is to provide students and their families as consumers of higher education with accurate, complete, and timely information so that informed decisions can be made.

• Protect members of the Bloomfield College campus;
• Assist Bloomfield College personnel in routine and emergency situations.

Jurisdiction of the security officers is limited to the property at the Bloomfield College campus and grounds. Security officers do not have the authority to make arrests but are authorized to detain persons involved in criminal activity until the Bloomfield Police Department responds. In addition to prompt response to emergencies on campus, the Bloomfield Police Department conducts routine vehicle patrols 24 hours per day. The Office of Security works very closely with the Bloomfield Police Department and other local law enforcement agencies to investigate and resolve promptly criminal activity. The Office of Security works closely with all offices at Bloomfield College, which includes the Office of Residential Education and Housing.

Student/Employee Responsibility  
The support, cooperation, and involvement of all students and employees are critical for the overall success of the College’s safety and security efforts. Office and room doors should be locked when rooms are unoccupied.
At night, students and employees should walk and/or park in lighted areas, avoiding short cuts and non-lighted areas. Vehicles should be locked at all times. Valuable items should be locked in the vehicle trunk or carried with you personally. At night, it is important to not walk alone. If you need an escort, call the Office of Security to ask for assistance.

To make Bloomfield College a safe place, be alert for suspicious characters and dangerous situations. Be cautious and aware of your surroundings. Be security conscious by watching for others and their property. Be responsible and report all crimes, either actual, attempted, and/or suspected, to the Office of Security.

**The Role of Campus Security**

Bloomfield College recognizes the importance of a safe and secure campus environment and strives to maintain a campus security program that provides protection for students, faculty and administrative employees. The Office of Security is primarily responsible for providing a program of campus security and reports to the Vice President of Student Affairs. The campus security staff is provided through a contract with a professional security agency. Supervisory personnel are provided jointly by Bloomfield College and this professional agency. This combination provides unarmed security coverage 24 hours per day, 7 days per week through foot and vehicular patrols, enforcement of parking regulations, and building access control where applicable. In addition, there is a roving foot patrol officer 24 hours a day.

The Director of Security compiles annually crime statistics in accordance with the Clery Act and to improve the safety and security of Bloomfield College. The Annual Security Report contains crime statistics, security policies, and safety regulations. This report is made available to current students and employees through electronic mailings and publication on the Bloomfield College website. Also, prospective students and employees are informed that the Annual Security Report is available.

**Emergency Reporting and Voluntary/Confidential Crime Reporting Procedures**

The Office of Security should be notified immediately of any threat to the safety and security of students, employees, property (equipment, buildings, grounds, personal, etc.). Students and/or employees should report any actual, attempted, and/or suspected criminal activities or emergencies to the Office of Security by dialing “0” for the College switchboard operator or extension “366” for Security from any on-campus phone line. To contact the Bloomfield Police, Fire Department, and/or Emergency Medical Services, dial “911.” Students wishing to report criminal activities confidentially should contact the Director of Security and/or the Office of Student Affairs. Employees who wish to report criminal activities confidentially should contact the Director of Security. Further, if you wish to report a crime confidentially, you can also call the Security TIPS Line at 973-748-9000, ext. 466.

For resident students who reside at the University Center in Newark, New Jersey, students should notify the Security personnel at the front desk about emergency and/or criminal activity (973-792-1425). The University Center Security Desk will determine the nature of the emergency and/or alleged crime and contact the Newark Police Department if appropriate. It is important for BC students residing at the University Center to notify their Resident Director and/or Resident Advisor to ensure that the College can address your concerns accordingly.

The following guide is intended to be used as an aid in identifying and properly responding to campus emergencies:

- **Medical** – Unconsciousness, physical injury, alcohol and/or drug overdose.
- **Psychological** – Suicidal and/or homicidal thoughts or behaviors, observation of serious depression or anxiety, and/or extreme grief.
- **Physical** – Altercations, assaults, violent outbursts, hysteria, threats, and/or vandalism.
- **Sexual Assault** – Rape or attempted rape.
• Building and Grounds – Damage to property/housing, major issues with utilities (water, gas, and electricity), etc.

If you are doubtful as to the nature of the situation or whom to call, contact Security to get help. It is better to notify Security to have the situation examined rather than assume responsibility on your own.

Timely Warnings
In the event an incident or series of incidents occur on the Bloomfield College campus that may affect the safety and security of BC community, the College will issue timely warnings. Timely warnings will be issued after review by the Director of Security and the Vice President for Student Affairs and/or his designee. These timely warnings can be issued through various means such as Emergency Text Messaging, electronic mail, postings on the Security section of the Bloomfield College website, digital signage, and/or flyers on campus.

Emergency Text Messaging
In the event of an emergency involving an imminent threat on campus, Security will confirm that there is a significant emergency or dangerous situation in conjunction with Student Affairs. Security will determine the appropriate segment or segments of the campus community to receive a notification, determine the content of the notification, and utilize the College’s mass notification (text messaging) system to notify the campus community. Students and employees can register online at to receive real-time notifications of these emergency events. The link to register is located here for Emergency Text Messaging. These messages are transmitted during emergencies and are an additional real-time avenue of communication. The text messaging system is tested campus wide at least once each year.

Daily Crime and Fire Log
The College maintains public crime and fire logs at the Bloomfield College Security Office. These logs are continuously updated and are available for inspection during normal business hours, Monday through Friday, 8:30 am to 4:30 pm.

Access to Campus Buildings
Facility use is for students and employees only. Anyone in a campus building outside of working hours must inform Security of his/her presence upon arrival in that location. All students and employees are required to carry his/her Bloomfield College Identification Card at all times when on campus and to produce it when requested by BC Security and/or a BC campus official.

Buildings are closed when they are not in use. The Office of Security performs building checks and tours of the campus on a regular basis. Security will not provide access to any campus facility without prior written approval from the Physical Plant/College Services Office. All residence facilities on campus are patrolled by Security personnel 24 hours per day, which includes regular tours of the residence halls.

Visitors of resident students must register at the front desks in Clee and Schweitzer Halls as well as at 225 Liberty Street. Visitors must provide a valid, signed identification at the front desk. Resident students must co-sign for guest(s) and escort them to their rooms and then out of the building when their guests leave. Visiting hours for these aforementioned buildings are Sunday through Saturday, 10 am to 12 midnight. Any identification cards that are not retrieved by students and/or guests will be given to the Office of Security, who in turn will locate the visitor(s) and escort them out of the building.

Students and employees at Bloomfield College are responsible for their guests at all times. It is important that guests understand acceptable and unacceptable behaviors at Bloomfield College while they visit the campus.
Students and employees can be held accountable for the behavior of their guests. If you have any questions regarding this policy, contact the Office of Security.

Security Conscious Programs
The Department of Security provides an orientation for the Residence Life staff annually at the start of the academic year. This orientation session is conducted by the Director of Security. Topics include safety procedures, security tips, procedures used by security officers, and emergency response protocols.

During the Fall and Spring semesters, several Crime Awareness and Prevention programs are conducted for the College community. These topics include: crime prevention; campus security procedures; sexual assault and acquaintance rape awareness; forcible and non-forcible criminal offenses; personal and property safety; fire prevention; and alcohol and drug awareness.

Announcements about these programs to students and employees occur in a number of venues that include electronic mail, digital signage, updated news on the College website, the College calendar, and/or flyers posted throughout the campus community.

That unit is able to send a crisis worker to talk to any victim and transport him/her to the East Orange General Hospital Emergency Room, if desired by the victim. Counseling is available at the College to assist the recovery of victims. The College will also take all reasonable and necessary actions to present any further unwanted contact of victims by their alleged assailant. The College will also provide assistance in changing any academic and living situations if such changes are reasonably available and necessary.

Registered Sex Offenders in the State of New Jersey

New Jersey law authorizes the Division of State Police to make available to the public over the internet information about certain sex offenders required to register under Megan's Law. The Sex Offender Internet Registry law can be found in the New Jersey Code at 2C:7-12 to -19. In compliance with the Jeanne Clery Disclosure of Campus Public Safety Policy and the Campus Crime Statistic Act, Bloomfield College is required to advise its students and employees that a current listing of Registered Sex Offenders in the State of New Jersey can be found at the following link: New Jersey State Police Sex Offender Registry.

This information is being made available on the internet to facilitate public access to information about persons who have committed a sex offense, to enable you to take appropriate precautions to protect yourself and those in your area from possible harm. Public access to registry information is intended solely for the protection of the public, and should never be used to threaten, intimidate, or harass another. The use of information contained in the sex offender registry to commit a crime is a crime in the third degree.
Missing Student Protocol

In accordance with the Clery Act and to comply with federal regulations, Bloomfield College is required to ensure that a protocol exists for students who are reported missing from the College. Thus, Bloomfield College administers a missing student notification policy which permits students who reside within on-campus housing to register contact information confidentially. This confidential contact information for residential students is maintained by the Office of Residential Education and Housing.

At Bloomfield College, a student is reported missing if he or she has been absent without any known reason or which may be contrary to his/her usual patterns of behavior. Such circumstances concerning the student being missing or absent from the College could include a number of factors such as but are not limited to: 1) reports or suspicions of foul play; 2) suicidal thoughts; 3) drug and/or alcohol abuse; 4) any life threatening situations; as well as 5) situations in which a student may be known to be with persons who may endanger the health, safety, and welfare of that student.

All reports of missing/absent resident students shall be directed immediately to the Office of Security (973-748-9000, ext. 1366) and/or the Office of Student Affairs (973-748-9000, ext. 1245). Either office or both conjointly will investigate if the student is missing in accordance with this protocol and there will NO waiting period before the commencement of an investigation. An investigation will be initiated to determine the validity and credibility of the missing person report. All essential information will be gathered about the resident student from the person making the report and from the students’ acquaintances.

Notification will be made to the appropriate emergency individual(s) within 24 hours after it is established that the resident student is actually missing. The sequence of notification is listed as follows:

- The confidential emergency contact(s) provided to REH.
- The custodial parent or guardian if no confidential emergency contact was provided to REH.
- The custodial parent or guardian if the resident student is under 18 years of age and not emancipated.
- The Bloomfield Township Police Department if the student is determined to be missing/absent from the College.

The Office of Student Affairs will initiate whatever actions are deemed appropriate, necessary, and in the best interests of a resident student if he/she is confirmed to be missing/absent from the College. Once closure has been brought to the investigation, the Office of Student Affairs will notify all appropriate individuals and keep a report of the incident/investigation on file.

Important Security Tips

- Do not take your safety for granted. Be alert, aware, and cautious. Trust your instincts, use your best judgment, and avoid dangerous situations.
- Do not assume that college campuses are automatically safe. The most common crime reported is theft.
- Lock all doors and windows whenever you leave your residence hall or office.
- Keep door locked. Use the peephole or ask who is on the other side of the door. Be sure you know who is on the other side of the door before you open it.
- Do not lend you keys to other people. Keep your keys safe and do not leave your keys in a place where somebody can take them.
- Report lost or stolen keys to the Office of Security and/or the Office of Residential Education and Housing.
- Do not prop open exterior doors. The safety and security of a building is only as sound as the people who reside there make it.
- Do not bring unnecessary valuables to campus. Always secure valuables you do bring in a safe location and take them with you when you leave campus during break periods or extended periods of time.
• If you carry a pocket book, keep it secured underneath your arm. Do not leave your pocket book, cell phone, lap top computer, books, and personal items unattended.
• Report any suspicious activities or persons to the Office of BC Security by dialing “0” or extension 366.
• Walk in groups of two or more, especially at night. Avoid isolated or non-lighted areas.
• Always park in lighted areas. Lock your car and lock your valuable in your trunk.
• Remember to activate your vehicle security alarm when you leave your vehicle.
• Know the locations of fire alarms, fire extinguishers, and fire exits for the buildings that you use. Never tamper with a fire alarm or fire extinguisher.

Annual Crime/Fire Statistics and Explanation of How Statistics Are Compiled
The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, which is also known as the Clery Act requires all colleges and universities to disclose campus crime statistics and other safety and security information annually. This Annual Security Report is reviewed each year by the Office of Security to ensure that information is up-to-date and that new information is added accordingly to comply with federal and state regulations. 

These statistics that are listed below include crimes on campus and crimes in adjacent public areas. These statistics are collected by the Security Department and are based on crimes reported directly to Security and information provided by the Bloomfield and Newark Police Departments.

In preparation for annual reporting, persons within the College with significant responsibility for student and campus affairs, including judicial disciplinary affairs, are surveyed for knowledge of crimes that may not have been reported to the Security Department or police authorities. These individuals include Deans of Students, Residence Life Coordinators, Athletic Director and coaches, administrative heads of student groups, and Student Affairs personnel. Persons at Counseling and Psychological Services, and campus ministries are not surveyed for knowledge of certain crimes because the law does not impose a reporting obligation on persons with counseling or pastoral obligations.

Crimes that occurred within residence halls are reported both in the “On Campus” category and in the “Residence Hall” category. Thus, “Residence Hall” is a subset of “On Campus.” The presentation of the tables is designed to enable the reader to compare crimes committed in the same locales during the past three years.

(1) Crimes reported in the Residential Facilities column are reported both in the “On Campus” category and in the “Residence Hall” category. Thus, “Residence Hall” is a subset of “On Campus.”

(2) Includes attempts.

**Key to Hate Crime Notations:** Race (RA), Religion (RE), Sexual Orientation (SO), Gender (G), Ethnicity (E), or Disability (D)

**Definitions:**

- **Campus** -- Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to the area identified above of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). “Campus Residential Facilities” is a subset of the number listed under “Campus.”

- **Non-Campus Building or Property** -- Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

- **Public Property** -- All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
Fire Safety Information and Statistics
In accordance with the Higher Education Opportunity Act of 2008, Bloomfield College is providing mandatory fire safety information as part of this Annual Report. All reports of fires and fire alarms are maintained by the Bloomfield College Security Department. Data collected includes, but is not limited to, the building name; alarm location; time and date; the number and cause of each fire; any and all injuries; any fatalities; and dollar values for property damaged by the fire.

Description of Student Housing Fire Systems

Every Bloomfield College on campus student residence has:
- An interior fire alarm system with detection throughout the building, including detectors in every sleeping room;
- Bi-Annual testing of fire detection, suppression, and notification equipment;
- An monitored interior fire alarm panel which triggers a full first alarm response from the Bloomfield Fire Department to the building upon activation;
- Automatic wet sprinklers throughout the building, including every sleeping room.
- Hard wired carbon monoxide detectors on each floor.

Fire Safety Precautions
- Keep doorways, corridors, and stairwells clear and unobstructed. Keep fire doors closed.
- Make sure that all electrical appliances and cords are in good condition and UL approved. Do not overload electrical outlets. Use fuse-protected multi-outlet power strips and extension cords when necessary.
- Never store flammable substances in your room or apartment. The unauthorized use of candles and live holiday decorations are not permitted in Bloomfield College buildings.
- Be aware that transmitting a false alarm is a criminal offense that endangers the lives of both building occupants and emergency personnel. It is also an offense to prop open fire doors or to tamper in any way with alarm equipment, locks, or other life safety devices or to block or obstruct paths of egress.

What to Do in Case of Fire -- If you discover a fire in a campus building:
- Immediately activate the building alarm by pulling down on the handle of the fire alarm at the nearest exit as you leave the building.
- Do not try to contain and/or put out the fire yourself.
- Remember to feel doors before opening them to be sure that there is no fire danger on the other side when evacuating the building.
- Close doors but do not lock them to contain the fire and smoke.
- Do not use elevators since they may stop running.
- Stay low if you must enter a smoke-filled room or hallway. Keep one hand on the wall to avoid disorientation.
- Crawl to the nearest exit. Keep your head near the floor for air.
- Call 911 and/or the Security Department once you are safely away from danger to report the fire, your location, and your name.
- Move at least 500 feet from the building once you are outside to provide the Fire Department space to operate safely.
- Notify Security or emergency personnel of any people who might still be in the building and their location.
- Note: If a member of the Bloomfield College community finds evidence of a fire that has been extinguished and the person is not sure whether Security has already responded that person should notify Security personnel, who will investigate and document the incident.
If you are trapped inside a building that is on fire:

- Get inside a room and close the door to minimize heat, flames, and smoke.
- Block the bottom of the door with a towel, piece of clothing, or small rug to prevent smoke from coming into the room.
- Do not block the door with anything that prohibits its being opened from the outside.
- Call 911 if you have a phone.
- Try to get near a window and place an article of clothing outside the window as a marker for emergency personnel.
- Shout out at regular intervals to alert emergency personnel as to your location.

Fire Response Dos and Don’ts

- DO treat every alarm as an emergency. If an alarm sounds, exit the building immediately.
- DO NOT assume that a fire alarm is a drill or test. All building alarm systems are tested as required by law, but these tests are announced in advance.
- DO remain in your room if you cannot get out of the building because of heat or smoke. Call Security right away. Keep the door closed and await assistance from the Fire Department. If smoke is entering around the door, stuff the crack under the door with sheets, clothes, or blankets. If possible, open the window and wave a brightly colored garment or towel from your window—the Fire Department will be looking for this sign.
- DO close the door behind you if it is safe to leave your room.
- DO NOT waste time collecting personal valuables. Take your keys so that you can reenter your room if exit from the building is not possible.
- DO NOT use an elevator during a fire emergency: always use the fire stairs.
- DO make your presence known to other occupants and to Security by telephone if you are injured or disabled. Emergency staff members will assist you in leaving the building.

Plans for Future Fires Safety Improvements

At this time, all Bloomfield College buildings meet or exceed State fire safety requirements. As Bloomfield College renovates buildings on its campus, new or additional fire suppression and detection devices are included to bring renovated buildings to current requirements and/or exceed those thresholds that are required by State law.

CAMPUS SEXUAL ASSAULT VICTIM’S BILL OF RIGHTS
(Pursuant to NJSA 18A, Chapter 61E)

INTRODUCTION

A college or university in a free society must be devoted to the pursuit of truth and knowledge through reason and open communication among its members. Academic communities acknowledge the necessity of being intellectually stimulating where the diversity of ideas is valued. Its rules must be conceived for the purpose of furthering and protecting the rights of all members of the college community in achieving these ends. The boundaries of personal freedom are limited to applicable state and federal laws and institutional rules and regulations governing interpersonal behavior. In creating a community free from violence, sexual assault and nonconsensual sexual contact, respect for the individual and human dignity are of paramount importance. The state of New Jersey recognizes that the impact of violence on its victims and the surrounding community can be severe and long lasting. Thus, it has established this Bill of Rights to articulate requirements for policies, procedures and services designed to insure that the needs of victims are met and that the colleges and universities in New Jersey create and maintain communities that support human dignity.

BILL OF RIGHTS

The following Rights shall be accorded to victims of sexual assault that occur:

- On the campus of any public or independent institution of higher education in the state of New Jersey, and
- Where the victim or alleged perpetrator is a student at that institution, and/or
- When the victim is a student involved in an off-campus sexual assault.

HUMAN DIGNITY RIGHTS

- To be free from any suggestion that victims must report the crimes to be assured of any other right guaranteed under this policy.
- To have any allegations of sexual assault treated seriously; the right to be treated with dignity.
- To be free from any suggestion that victims are responsible for the commission of crimes against them.
- To be free from any pressure from campus personnel to:
  - Report crimes if the victim does not wish to do so
  - Report crimes as lesser offenses than the victim perceives the crime to be
  - Refrain from reporting crimes
  - Refrain from reporting crimes to avoid unwanted personal publicity.

RIGHTS TO RESOURCES ON AND OFF CAMPUS

- To be notified of existing campus and community based medical, counseling, mental health and student services for victims of sexual assault whether or not the crime is formally reported to campus or civil authorities.
- To have access to campus counseling under the same terms and conditions as apply to other students in their institution seeking such counseling.
- To be informed of and assisted in exercising:
  - Any rights to confidential or anonymous testing for sexually transmitted diseases, human immunodeficiency virus, and/or pregnancy
Any rights that may be provided by law to compel and disclose the results of testing of sexual assault suspects for communicable diseases.

CAMPUS JUDICIAL RIGHTS
- To be afforded the same access to legal assistance as the accused.
- To be afforded the same opportunity to have others present during any campus disciplinary proceeding that is allowed the accused.
- To be notified of the outcome of the sexual assault disciplinary proceeding against the accused.

LEGAL RIGHTS
- To have any allegation of sexual assault investigated and adjudicated by the appropriate criminal and civil authorities of the jurisdiction in which the sexual assault is reported.
- To receive full and prompt cooperation and assistance of campus personnel in notifying the proper authorities.
- To receive full, prompt, and victim sensitive cooperation of campus personnel with regard to obtaining, securing, and maintaining evidence, including a medical examination when it is necessary to preserve evidence of the assault.
- To be free from any suggestion that victims were contributory negligent or assumed the risk of being assaulted.

CAMPUS INTERVENTION RIGHTS
- To require campus personnel to take reasonable and necessary actions to prevent further unwanted contact of victims by their alleged assailants.
- To be notified of the options for and provided assistance in changing academic and living situations if such changes are reasonably available.

STATUTORY MANDATES
Each campus must guarantee that this Bill of Rights is implemented. It is the obligation of the individual campus governing board to examine resources dedicated to services required to implement the Bill of Rights and to make appropriate requests to increase or reallocate resources where necessary to ensure implementation.

Each campus shall make every reasonable effort to ensure that every student at that institution receives a copy of this document.

Nothing in this act or in any "Campus Assault Victim’s Bill of Rights" developed in accordance with the provisions of this act, shall be construed to preclude or in any way restrict any public or independent institution of higher education in the State from reporting any suspected crime or offense to the appropriate law enforcement authorities.
