Program Overview: The PMP certification is sponsored by the Project Management Institute (PMI). It is designed to objectively assess and certify professional project management knowledge.

Target Audience: Experienced professional project managers seeking to certify their skills and experience.

Prerequisites: To be eligible for the PMP certification, you must first meet specific education and experience requirements and agree to adhere to a code of professional conduct. Refer to pmi.org for specifics.

Requirements: Eligible candidates must pass the following exam requirements to attain a PMP certification.
